

# Safety Driving Policy

2025 Edition

**SAFETY DRIVING POLICY**  
**PT RADIANT UTAMA INTERINSCO Tbk**  
**NO. SKD/004/RUI/II/2025**

---

PT Radiant Utama Interinsco Tbk, which is involved in "Supporting and Operating for Technical and Inspection Services Activities Within Head Office Operation, Project and Provision of Operation and Maintenance Support Towards Offshore Production Facility," is committed to always being active and responsible in carrying out driving tasks safely and in accordance with applicable national and international regulations and standards. We recognize that driving is a high-risk activity that can result in fatalities, causing harm to persons, time, property, and the environment.

Therefore, we aim to achieve a motor vehicle accident-free operation, especially at night, with the commitment to :

1. Ensuring that every driver meets the driving requirements in accordance with the regulations in the Republic of Indonesia.
2. Ensuring that every driver has a company vehicle driving permit approved by the company leadership.
3. Ensuring that every driver has received safe driving training from the company.
4. Committed to ensuring vehicle inspections are conducted before operation.
5. Committed to ensuring pre-trip planning is carried out.
6. Committed to recognizing potential hazards to oneself as a driver to ensure safe and focused driving.
7. Prohibiting driving for activities that do not adhere to safe driving principles during the journey.
8. Committed to ensuring the driver is not under the influence of alcohol or illegal drugs while driving and is not in a condition of consuming medications that cause drowsiness.
9. Committed to ensuring that drivers traveling at night for work areas more than 30 km must have a travel companion.
10. Committed to ensuring that direct supervisor approval must be obtained.
11. Committed to ensuring that drivers perform a Stop Work Activity (SWA) if they encounter potential hazards before, during, and after driving the vehicle.
12. Committed to ensuring that drivers take a short break if they have been traveling for more than 2 (two) hours.
