

RADIANT GROUP SURINAME

PRESS RELEASE

Radiant Group Suriname Announces Strategic Partnership with Radiant Utama Interinsco TBK, Construct Innovative Visions N.V. and Global Concepts N.V.

Paramaribo, Suriname – June 4, 2024 – Radiant Group Suriname is thrilled to announce a groundbreaking strategic partnership with Radiant Utama Interinsco TBK from Indonesia, along with Construct Innovative Visions N.V. and Global Concepts N.V., both based in Suriname. This collaboration is set to revolutionize the energy sector in Suriname and the broader region, leveraging combined expertise in inspection services, sustainable community development, and construction project solutions.

Background Information

Radiant Utama Interinsco TBK, established in the mid-1970s, is a leading Inspection Services company recognized for its comprehensive Non-Destructive Testing (NDT) services, advanced techniques, and operational support in the Oil and Gas (O&G) industry. Expanding its expertise, the company has ventured into the Energy sector, focusing on new and renewable energy projects. Construct Innovative Visions N.V. excels in sustainable community development, creating projects that enhance economic and social growth. Global Concepts N.V. brings extensive proficiency in delivering project solutions and construction services, ensuring quality and efficiency in every endeavour.

Goals and Objectives

The partnership aims to:

- Foster sustainable economic and social development in Suriname and the region.
- Enhance energy sector projects with cutting-edge NDT services, sustainable practices, and innovative construction solutions.
- Explore and implement profitable projects in the New and Renewable Energy industry.

Benefits to Customers

Customers will experience enhanced service offerings, including:

- Advanced NDT services utilizing robotics, UAV inspections, and computerized data analysis.

- Comprehensive support from consulting and training to operational implementation.
- Sustainable and efficient project solutions tailored to local community needs, driving economic growth and social well-being.

Industry Impact

This strategic partnership will be at the forefront of positive changes and advancements in the energy sector by:

- Introducing state-of-the-art inspection techniques and sustainable practices.
- Influencing industry trends towards renewable energy and sustainable development.
- Addressing critical industry challenges with innovative solutions and expert collaboration.

Data and Figures

- Radiant Utama Interinsco TBK has expanded its operations across Indonesia and internationally, acquiring PT Supraco Indonesia and establishing PT Supraco Lines and PT Supraco Deepwater to enhance offshore support services.
- Radiant Utama Interinsco TBK has established reputation as one of the prominent player in Indonesia oil & gas industry serving companies like Pertamina, Chevron, Conocophilips, Exxon Mobil, TotalEnergies, Schlumberger, ENI, BP, Petronas and many others.
- The partnership is expected to generate significant growth in Suriname's energy sector, fostering economic development and job creation.
- By leveraging their combined expertise, the partnership aims to deliver substantial value to both customers and stakeholders.

Meet Us at SEOGS 2024
